PODCOD PROGRAM

How we do it...

Collaboration is the key

AyZar providing funding and case management while connecting Participants with Partners through many to many relationships

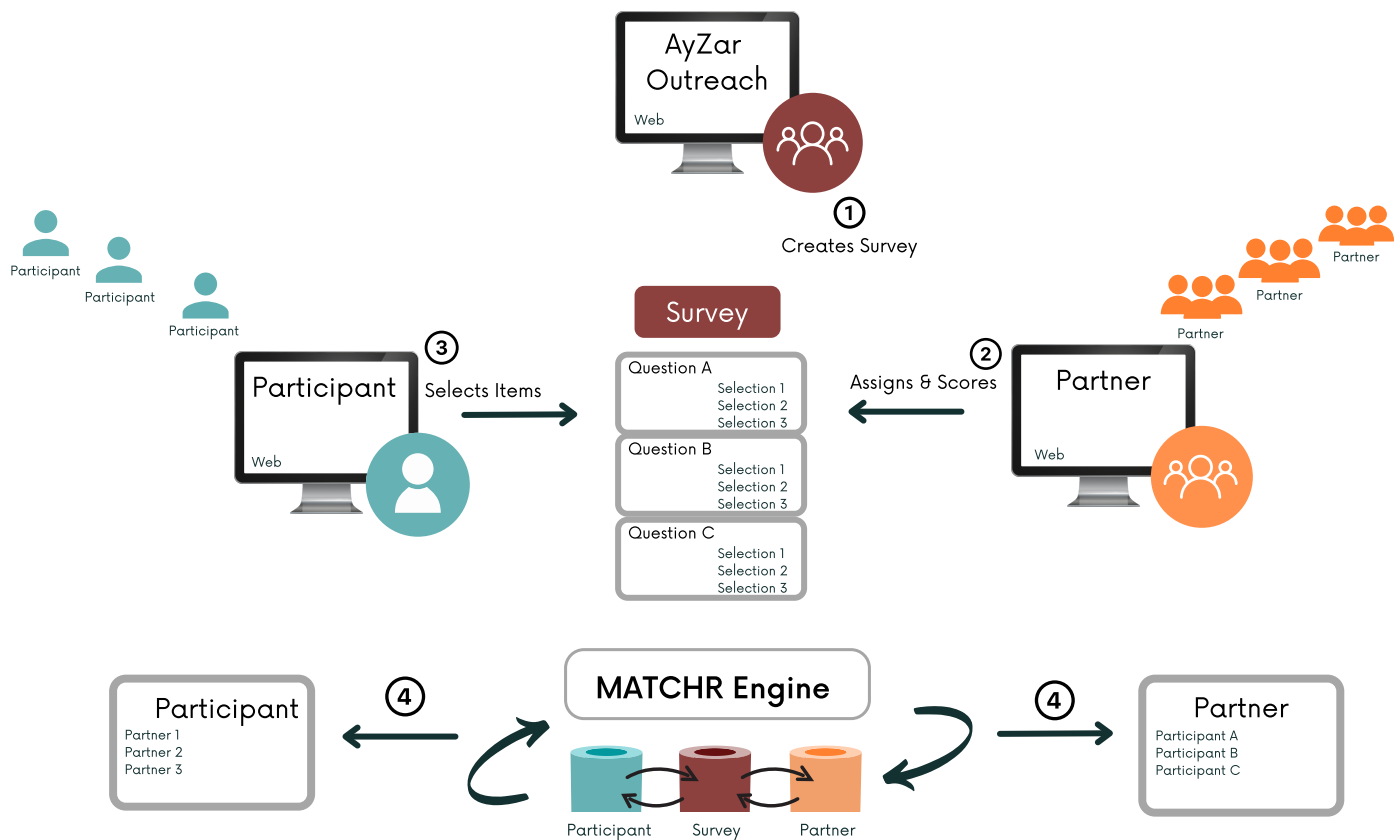

To Make that essential connection, we use **Matchr**...

What is Matchr?

- **A mechanism to create best & highest scored match between**

- Participants and Partners
- Based on specific set of criteria
- Allowing for potential many to many relationships
- Producing a % score for every one-to-one relationship

Sample Survey Questions

- AyZar Outreach uses the data to effect best and highest scored match between Participants with Partners.
- Participant answer survey questions, Partners score survey questions.
